

# Don't Let Lower Commodity Prices Stop You from Making **A WISE INVESTMENT** This Fall

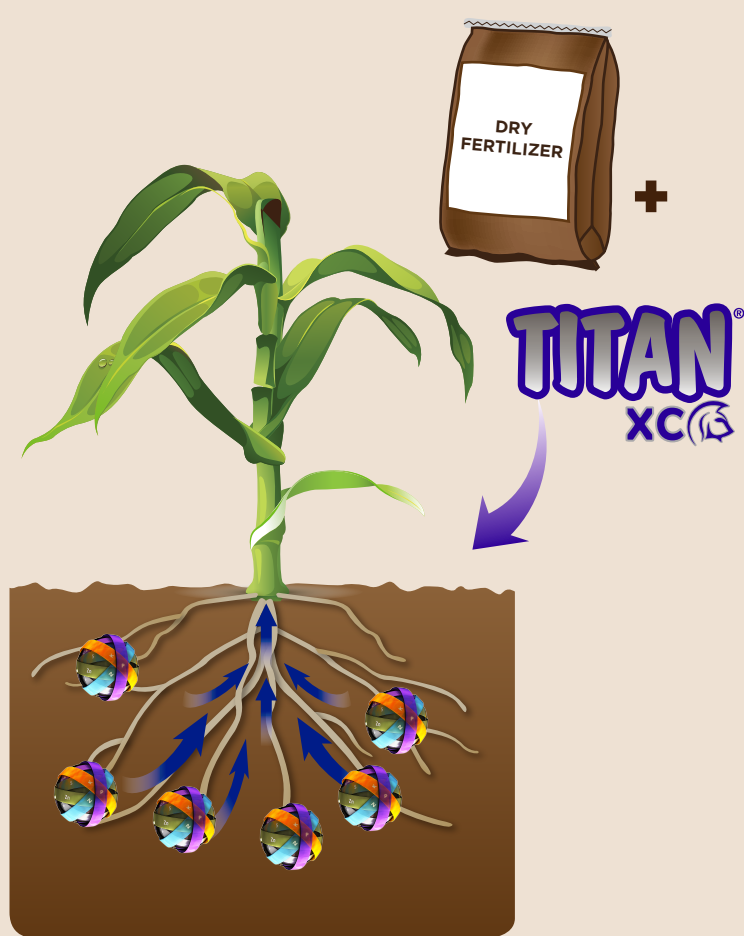

## PROBLEM:

Growers are worried about low returns on fall inputs this year. No one wants to spend more on inputs that won't pay off.

## SOLUTION:

Making an investment in biochemical technology can help growers get the most from their P & K spend.

Titan® XC maximizes nutrient use efficiency for plant nutrition benefits this season and next.

### The Results:

- + Better, faster P mineralization
- + Better, faster release of bound K
- + Better plant uptake

## BENEFITS

Better nutrient use efficiency, higher yield potential, and more ROI on dry fertilizer programs.
